ECPERIENCE

David Eccles School of Business

Business Scholars Experience Ambassador

Salt Lake City, UT

May 2026 –

Present

- Coordinate with fellow “Business Scholars Experience” Ambassadors to support business program instruction and engagement for over 2,000 freshmen students.
- Help lead classroom instruction for a section of approximately 50 students by supporting discussions, activities, and student participation.
- Serve as a peer mentor and classroom resource, helping first-year business students understand program expectations, campus resources, and involvement opportunities.
- Develop leadership, professionalism, and public speaking skills through ambassador training and teaching.

ACTIVITIES

University of Utah, IS 2010 Data Analytics Competition

Only Freshman Student Participant

Salt Lake City, UT

October 2025 – November 2025

- Cleaned, reviewed, and analyzed simulated transaction, weather, and campus foot traffic data to evaluate the feasibility of launching a mobile coffee cart on campus.
- Strengthened technical skills in Excel, Power BI, Salesforce, and data analytics by turning raw business data into actionable recommendations.

University of Utah, Salesforce IDEathon Competition

Only Freshman Student Participant

Salt Lake City, UT

August 2025 – September 2025

- Designed a Salesforce-based recruiting system to centralize athlete prospect data, communication history, campus visits, and NCAA compliance tracking for University of Utah Athletics.
- Designed a Salesforce-based CRM system to centralize athlete prospect records, communication history, campus visits, and NCAA compliance tracking.
